We are pleased to report that our voluntary drivers have been able to fulfil all journey requests from our members for their medically related journeys since the 23<sup>rd</sup> March 2020 COVID-19 pandemic lockdown.

This month, as a registered Charity, TADD start their 31st year of service to the community and wish to ensure that anyone who might benefit from the service is aware of the service. Perhaps you could help by circulating our contact details to your patients to help reach everyone in our community.

Towcester Area Door-to-Door, (TADD) provides a friendly, affordable, door-to-door community transport service for residents to their health and well-being related appointments, including hospital, GP, dentist, chiropodist, optician etc. TADD community transport covers 50 SNC parishes as well as Towcester. We have a membership of nearly 800 people, including 600 who have had their 75<sup>th</sup> Birthday.

Our members have been overwhelmed by the kindness and support offered by those living within their local community during the lockdown period. It is our hope that this new-found neighbourliness within communities will live on when this pandemic is a distant memory. We have come across an initiative called Compassionate Communities which appears to draw on many of the activities which have emerged during the crisis. Here is the link should you wish to take a look: [www.compassionate-communitiesuk.co.uk](http://www.compassionate-communitiesuk.co.uk)

Looking towards the future, we would like to reassure you that our service remains available to existing members wishing to use it, and we are also able to accept new members who may need assistance in travelling to appointments.
